

Green Cleaning

Floor Cleaning:

Ingredients:

1. 2 cups warm water
2. ¼ cup biodegradable liquid soap or detergent
3. ½ cup white vinegar or lemon juice

Directions:

Combine the ingredients in a large plastic bucket. Use with a mop or sponge. Discard unused portion.

Toilet cleaning:

Ingredients:

- ¼ cup baking soda
- 1 cup vinegar

Directions:

Sprinkle baking soda into toilet basin followed by the vinegar. Allow mixture to sit for several minutes. Scrub with brush and rinse with water. A mixture of borax (2 parts) and lemon juice (1 part) will also work.

Tub and Tile Cleaning:

Ingredients:

- ½ cup baking soda
- Enough liquid soap to make a frosting-like consistency
- 5-10 drops essential oil

Directions:

Place baking soda in bowl and slowly pour in liquid soap, stirring constantly, until the mixture reaches the consistency of frosting. Add drops of essential oil (optional). Scrub surface with sponge and mixture, and rinse.

All-purpose Cleaner:

Ingredients:

- 2 cups hot water
- 1 tsp. biodegradable liquid soap or borax
- 1 tsp. white vinegar or lemon juice (to cut grease)

Directions:

Fill spray bottle with hot water. Add soap and vinegar or lemon juice. Shake bottle gently to dissolve ingredients.

Good-bye Ant Solution:

Ingredients:

- Lemon Juice OR Coffee Grounds

Directions:

Spray lemon juice or spread coffee grounds around the openings of the home and watch the ants run away!

Glass cleaning:

Ingredients:

- 1 cup water
- 1/8 cup vinegar

Directions:

Fill bottle with both ingredients and shake for 30 seconds. Use on all types of glass surfaces, including mirrors.
